Hi all - this is my first post. I know I'm a little late to the party but I just figured I'd jump on the bandwagon. I'm hoping to find a decent photos journaling app. I'm not interested in massive web galleries. I prefer to use a small number of web sites, and depending on the day, one of them may have nothing at all. Besides having an awesome web gallery, I want an app that can be customized for the different days, so the photos don't all get put in the "Today" tab. I need the app to be able to recognize different web sites so I can switch between them. I like to have different views
