I am sure you can agree with me on that, and am sure you can agree with me on this blog too. These idiots who think they can do whatever they please with everyone else, in the MMA world. There are people who think they can hold a grudge for the rest of their lives, and some people hate to be called out. Fight fans, don't be like these guys and call out someone's manager, who just happens to be the boss of the person in question, without going through them first. I want to know what I am talking to be like. What is he going to be wearing if he steps into the cage? Which color socks does he have on? If he wasn't wearing track suits and colour tinted sunglasses all the time, he would be just as nice as everyone else. He also doesn't talk to any one he doesn't have to, especially when it comes to any of the top people in the sport. I have witnessed fights and seen some of the crazy shit people say to "fans" at the fights. When the person in question is on the mic, then it is time to shut up. 5ec8ef588b
